

How to Vote During the Virtual Meeting

If you are a Registered Unitholder, you may attend the Meeting by visiting www.virtualshareholdermeeting.com/CTREIT2020 and logging in as an "other attendee". Unitholders attending the Meeting as an "other attendee" are unable to vote or pose questions through this online platform.

To vote your Units during the Meeting, you may vote online at www.investorvote.com or by telephone by calling 1-866-732-VOTE (8683) Toll Free. Have your Control Number on your proxy form ready. You may vote your Units at any time in advance of or during the Meeting until the Chairman announces that voting has closed.

Proxyholder Appointment

As in-person attendance at the Meeting will not be possible, Unitholders should not appoint a proxyholder other than the proxyholders named in the proxy form (the "Management Nominees") to participate and vote at the Meeting. Unitholders who have already appointed a proxyholder to participate and vote on their behalf at the Meeting other than the Management Nominees will need to follow the instructions below now that the Meeting is in virtual format:

Previously Appointed Proxyholders

If you have submitted your proxy form appointing your proxyholder to participate and vote on your behalf at the Meeting as described on page 6 of the Management Information Circular, you must provide your Control Number on your proxy form to your proxyholder to enable them to vote online at www.investorvote.com or by telephone by calling 1-866-732-VOTE (8683) Toll Free. Please ensure that you provide your proxyholder with your instructions on how to vote, unless you wish to let your proxyholder decide how to vote your Units. Your proxyholder may attend the Meeting by logging in as an "other attendee". Proxyholders attending the Meeting as an "other attendee" are unable to vote or pose questions through this online platform. **Please note you are responsible for maintaining the confidentiality of your Control Number. Should you provide your Control Number to your proxyholder or others, you are responsible for any subsequent voting of, or subsequent inability to vote, your Units.** If you wish to revoke your previous proxyholder appointment and vote your Units, go to www.investorvote.com, have your Control Number on your proxy form ready and revote; this will rescind your previous proxyholder appointment.

Unitholders and proxyholders may listen to the Meeting through our teleconference but will not be able to vote or ask questions. Teleconference information is as follows:

Canada: +1 647 558 0588
United States: +1 669 900 6833 or +1 929 205 6099
